OFFICE OF PETITIONS

Assistant Commissioner for Patents

Sir:

I, Horace H. Ng, declare as follows:

1. I am an associate in the law firm of Townsend and Townsend and Crew LLP and the attorney of record in the above-referenced application.
2. I filed the above-referenced application on November 6, 2001 with the U.S. Patent and Trademark Office.
3. When filing an application, it is my customary practice to personally count all the pages of the application before depositing it in an Express Mail envelope. To the best of my knowledge, I did not deviate from this practice with respect to the above-referenced application as I personally counted the pages of the above-referenced application before depositing it in the Express Mail envelope with label no. EL827152085.
4. The above-referenced application has a total of thirty-eight (38) pages of drawings including Figures 42 and 43 which are on the same page.
5. The transmittal cover sheet submitted with the above-referenced application shows that thirty-eight (38) pages of drawings were included in the above-referenced application. A copy of the transmittal cover sheet is attached hereto as Exhibit A.

6. The return postcard submitted with the above-referenced application was itemized showing that thirty-eight (38) pages of drawings were included in the above-referenced application. The return postcard was date-stamped by the U.S. Patent and Trademark Office, a copy of which is attached hereto as Exhibit B. In this instance, the date-stamped return postcard is prima facie evidence that the above-referenced application including all thirty-eight (38) pages of drawings was properly received by the U.S. Patent and Trademark.

The undersigned declares further that all statements made herein of his own knowledge are true and that all statements made on information and belief are believed to be true and further that these statement made with the knowledge that willful false statements and the like so made are punishable by fine or imprisonment, or both, under Section 1001 of Title 18 of the United States Code and that such willful false statements may jeopardize the validity of the subject application or any patent issuing thereon.

Respectfully submitted,

Horace H. Ng
